

DLQ · ADLQ

- TROX ceiling diffusers type DLQ · ADLQ in square design, produced in aluminium (ADLQ) or steel (DLQ), are suitable for installation flush with the ceiling.
- Available with plenum box for side entry air connection.

PRODUCT DESCRIPTION □

TROX ceiling diffusers of the DLQ · ADLQ type in square design, produced in aluminium (ADLQ) or steel (DLQ), are suitable for installation flush with the ceiling. They are deployable in rooms of up to approx. 4 m in height.

The permissible supply air temperature stands at ± 10 K. These ceiling diffusers can be used for both supply air and exhaust air. The fixed blading means that these ceiling diffusers are suitable primarily for horizontal air flows. Specially developed attachment kits and plenum boxes provide for optimum air intake.

Technology □

square

30 – 550 l/s
110 – 2,000 m³/h
65 – 1,177 cfm

248 – 623 mm
